WHAT IS AN ADVOCATE?

An advocate is someone who can help you speak up so that your views are heard, your rights are met and your problems sorted out.

An advocate can help you:

- speak up for yourself or speak on your behalf
- make a appeal/complaint
- fill out applications
- put your feelings and views across about decisions that are being made about your life

Advocates can give you information and advice about your rights as well as help you make choices about what is best for you.
